

Winter 2021-22

Pioneer Day Returns to Hill

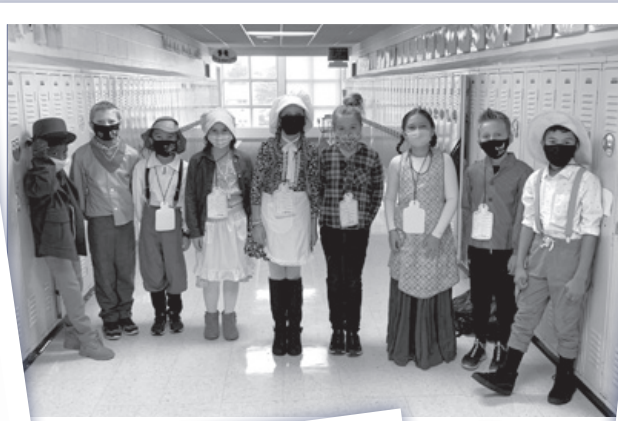

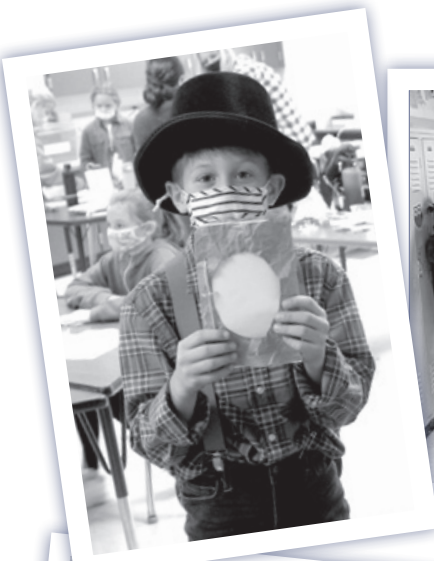

Elementary students at Hill School celebrated their annual tradition of Pioneer Day this fall. Each year, on Pioneer Day, Hill students are able to attend six creative activities they pre-selected. Each activity is one that would have taken place during the historic pioneer days. Students made their own ice cream, learned how to finger knit, competed in wagon races, learned how to quilt and much more!

New this year, students moved within a specified wing of the school in an effort to cut down student traffic within the building due to COVID-19.

Some students and staff members even dressed up for the occasion, donning bonnets, hats and full length frocks. Fun was had by all. Thank you to everyone who helped make this year's event a memorable and educational success!

“My first Pioneer Day at Hill has been the greatest experience ever! I am so thankful to have a staff that goes above and beyond for our students.”

- Tina Colby, Hill School Principal

Dear Brockport Community,

I hope you and yours are happy, healthy and excited for the holiday season!

As the 2021 calendar year is coming to an end, I am reflecting upon how far we have come. I am grateful that we have been able to maintain full time, in-person learning this fall. Additionally, we have been able to provide our students with our typical school year opportunities including clubs, extracurricular activities, performing arts and athletics.

Given the continued pandemic challenges, these achievements could not be attainable without the commitment, dedication, patience and support from our students, staff, families, community and our Board of Education. On behalf of our entire District, I thank you!

I continue to be honored and privileged to serve as Brockport Central School District Superintendent of Schools, and I feel blessed to be part of such a wonderful community with a strong sense of tradition and our deep Blue Devil pride. I am grateful that my four children attend our schools!

Enjoy a wonderful, safe and restful holiday break. I look forward to seeing everyone back on campus in the new year!

Sincerely,

Sean Bruno,
Superintendent of Schools

Digital Safety Program

Submitted by Bryon Rockow, OMS Health Teacher

Brockport CSD partnered with the Monique Burr Foundation to implement a comprehensive, research-based prevention program on digital citizenship.

All middle school students received two engaging, age and developmentally appropriate classroom lessons that educated and empowered them to prevent, recognize and respond appropriately to bullying, cyberbullying, child abuse, relationship abuse, digital abuse and other digital dangers. OMS counselors, Heather Sealton and Marissa Cavalieri, are trained facilitators of the MBF prevention program and collaborated with the OMS Health teachers to implement this program.

Digital Safety Tips:

- Start early teaching your child about digital safety. Prevention is the key to safety in the current digital culture.
- Keep all computers, games and other digital devices in a common area in the house.
- Establish rules and guidelines for your child regarding the length of time they are allowed on the computer and other digital devices and the use of age-appropriate, approved websites and apps.

- Learn more about the sites and apps your child is using, and read the terms and conditions before agreeing to their use.
- Monitor your child's online accounts and review your child's computer, cell phone, game use and history. Use the opportunities to teach them about potential digital dangers and digital safety.
- Teach your child about good digital citizenship and the importance of establishing a good digital reputation that will follow them into their future.
- Do not use digital shaming as a form of punishment.
- Be a positive role model for your child and demonstrate good digital behavior and citizenship.
- Learn more about digital dangers and digital safety to become educated and empowered to keep your child safer online and when using digital devices.

SCHOOL HIGHLIGHTS

Veterans Visit Hill

Local veterans, Bob Currier and Charles Garlock, visited Hill School Students in honor of Veterans Day to share their experiences while they were in the Navy. Students asked questions about what it was like to defend our country and be considered a hero. Thank you to all our veterans, past and present, for your service.

Barclay Café

During Barclay's Power to Choose Day, the library was transformed into a café. After finding books to read, students acted as customers, wait staff, cashiers and chefs. They practiced manners, writing and preparing orders, serving and using math to pay their bills!

Research Projects at OMS

Seventh-grade team Delta students worked on a research project about the thirteen English Colonies. They collaborated with a partner to gather information about a colony that was assigned to them. Students used the research to create an advertisement for their colony that included basic information about the colony, with the goal of trying to encourage settlement. Delta students presented their projects on Flipgrid so that classmates were able to view the presentations and learn about the other colonies.

Basketball at Ginther

Students in grades K-2 had the chance to work on their basketball skills with Ginther physical education teacher Kristy Sherman during a series of three-day basketball clinics. Students learned to dribble, pass and practiced shooting baskets during the clinics. While younger students worked on the basics, some of the second-grade students were able to develop their skills during mini scrimmages. Students received a certificate and basketball at the end of their clinic.

BHS Students Explore Careers in Construction

Brockport students taking multiple Technology courses had the opportunity to learn from professionals at the Annual Rochester Careers in Construction Day at the Monroe County Fleet Center.

Students tried their hand with equipment by bending pipes, soldering copper, hammering nails, laying brick and driving skid-steers, excavators and bucket lifts. Several students also designed and built their own bridge out of popsicle-sticks to compete for several awards. BHS students enjoyed their time exploring the field of construction.

This is the fifth year the District has brought students to the Careers in Construction Day. BHS Technology Teacher Richard Barrett was accompanied on the trip by BHS Counselor David Messbauer. The two enjoy bringing students to the event each year, explaining how they do everything they can to give and show students a wide array of opportunities available after high school. "Each year, this event continues grow in scope and increases opportunities for our students to learn, talk with construction professionals and actively participate throughout the experience," said Barrett.

ATHLETIC HIGHLIGHTS

More than 400 student-athletes registered for winter sports. Information on our winter sports and links to game schedules can be found on our Athletic website: www.bcs1.org/departments_services/Athletics.

Our annual Doug Westcott Basketball Tournament is scheduled for December 28 and 29. As a reminder, masks are required for all indoor events. In addition, no concession stands will be open due to health code restrictions.

A special thank you to our coaches and athletes for giving your best on and off the field. We look forward to a great season.

ART HIGHLIGHTS

Ceramic Creations

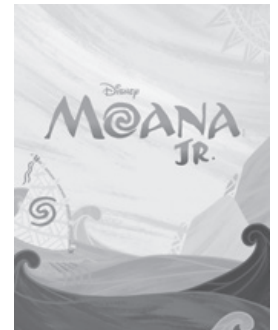

Brockport High School students have been exploring, understanding and applying the properties of clay while honing in on their learned hand-building techniques. In clay work the best tools are our hands, and students have been refining how they interact with the clay medium through techniques such as pinching, coiling, slab work and using objects as molds. Students will finalize their mask unit and move into creating lantern/trinket boxes!

Driver Education

Safe Driving Techniques (Five-Hour Course)

The NYS Bureau of Motor Vehicles requires five hours of classroom instruction as a prerequisite for obtaining a driver's license. Applicants affected by this regulation are those applying for a first-time driver's license; those applying for a driver's license because of a lapse of a one-year renewal grace period; and those applying for a new license as a result of revocation of a previous license. The five-hour training period must be completed prior to the applicant applying for a road test. Persons having completed a regular driving education course do NOT need this program.

The following regulations are applicable to all prospective registrants:

- Registration must be completed by mailing the registration form or in person at Oliver Middle School by noon the Tuesday immediately preceding the class. There is a seven-person minimum to hold this class. Registering on time reduces the risk of cancellation.

- Students will be admitted on a first-come, first-served basis.
- Applicants must be 16 years of age or older.
- Applicants must bring their valid learner's permit to register.
- Applicants must pay the \$40 registration fee upon registering and completely fill out the registration form.

An official completion certificate, which is valid for one year from the day of issuance, will be given upon completion of the five-hour program. This certificate must be presented when applying for a road test. It does not qualify participants for reduced insurance rates.
